

PROGRESSIVES RAISE THE FLAG OF TRUCE IN CHICAGO.

PREDICT INTERVENTION; MEXICAN CLASH NEAR.

Scores of American Lives may be Sacrificed to Unpreparedness.

BY W. O. MCGHEAN.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
COLUMBUS (N. M.) June 8.—Scores of Americans will be sacrificed to our unpreparedness when the clash with the Mexican army comes.
The army knows what it lacks. Junior and senior officers admit its defects. They wish the American people could know, but the censorship has sealed their lips. The administration is making its final blunder in its Mexican policy, which it had intended was trying to avoid. Intervention is coming. It will be more costly than it would have been had the United States adopted a definite policy in the first place, but it will leave the United States open to question by the Latin-American republics. The punitive expedition could not find Villa because the War Department could not get enough troops to cross the border until more than a week after the Columbus raid. It must leave without seeing the elusive bandit captured or killed, because there is no one in Mexico who can be held responsible for outrages perpetrated by Mexican bandits. Meanwhile it is occupying the State of Chihuahua and will occupy it indefinitely.
AMMUNITION RUSHED.
The expedition is rushing preparations for the inevitable clash with the Carranzista army under Gaviro. The ordinance department is hurriedly preparing to distribute 9,000,000 rounds of ammunition along the thinly-guarded line from Columbus to El Paso. Gen. Pershing, who came in on a tour of inspection, is now back to the advance line. The punitive expedition is an army of occupation, with the most benevolent intention in the world perhaps, but nevertheless an army of occupation. It is a few shots exchanged between the opposing outposts and the watchful waiting will end. This is as

COMMITTEES CONFERRING TO PICK A CANDIDATE.

Republican Convention Politely Receives Overtures from the Bolters.

BY HARRY CARL.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF THE TIMES, June 8.—Perhaps no peace flag ever departed for an enemy camp with such bitter suspicion on all sides as the offer made today by the Progressive convention to the Republican convention to arbitrate the matter of a Presidential candidate. The Republicans saw in it an attempt to stampede the G. O. P. for Roosevelt. While the peace conference was meeting tonight delegates of both parties plotted rebellion. Democrats in the Progressive party tonight are in a state bordering on mutiny. They say they will not permit any peace pact to make them Republicans. The truth is that tonight the Progressive party is on the edge of being smashed to pieces by its own family differences. It is evident that tomorrow will be one of the most vital and important days in the political history of America.

The peace conference has adjourned and no candidate has been agreed upon.

CHICAGO BUREAU OF THE TIMES, June 8.—The flag of truce that started from the Bull Moose pastures this afternoon was stained with the marks of a grand little rough-house. But when it arrived at the Republican convention, they politely disregarded the battle stains and said, "Oh, what a sweet little peace flag!"

I happened to be in the Progressive convention when they decided, after rude words of strife, to send a message of peace to the Republicans, suggesting that each convention appoint a committee to see if they couldn't get together on a candidate for President.

This amiable suggestion came from James R. Garfield, and the sweet thought was received by the Bull Moose with the grandest little one-tinged riot I ever heard.

AWFUL LANGUAGE USED.
Although I shudder for the effect it may have on the young and innocent readers of The Times, a strict regard for history compels me to state that one illustrious Bull Moose said that the only message they ought to send the Republican convention was "Go to hell."

The Moose convention finally decided, however, to appoint the following Moosemen on the peace delegation: Hiram Johnson, George W. Perkins, Horace Wilkinson of New York, Charles A. Bonaparte and John F. Parker of Louisiana.

The Republican convention received the offer of peace with outward cheer and inward misgivings. Senator Harding appointed Senator Reed Smoot, Senator Murray Crane, Senator Borah, Dr. Nicholas Murray Butler and A. R. Johnson of Ohio.

Except for this peace treaty, the conventions had a dull day. It started in respectably with the G. O. P. in the morning. All they did down there was to receive reports of a lot of committees and two 80-year-old statesmen made speeches, Senator Depew and Uncle Joe Cannon. The world will not be startled by their observations.

SUBLIME TO RIDICULOUS.

Going from the G. O. P. hall into the Bull Moose convention was like walking out of a church into a boiler factory.

The Moosemen were engaged in passing out miscellaneous cheers. They spent most of their time waving flags and yelling. Somebody reported that the Credentials Committee hadn't anything to report and they burst into wild demonstrations of joy. The Committee on Rules reported and they stood up and shrieked their heads off. Between times they just stood up and cheered to keep in practice.

Into this scene of peace and quiet, Jimmy Garfield introduced his suggestion that they appoint a committee to make peace with the G. O. P. Before he got the words out of his mouth the place began to seethe with wild and alarming noises. About half the assemblage leaped up and shrieked:

"Yes, right, good!" and the other half screamed: "Naw, no, no!"

Those who screamed "Naw," do not, of course, belong in the very best Moose circles.

Mr. Garfield looked pained and grieved at the reception of his words. He tried to speak, but the gang kept howling, "Naw" and "Yes," and other things until he had to give it up, not, however, until he had made the crushing observation that "We can never hope to proceed with reason and regularity unless we are ready to listen."

The chairman then introduced Gifford Pinchot, who spoke piously and recommended that they should do their Christian best to come to harmonious understanding with the mean old G. O. P. He hinted that they might be soiled in the process, but it was their Christian duty.

The chairman looked at the selected list of celebrities he had

COMMENT ON THE SITUATION.
Having recaptured Lutsk, one of the triangle of Russian forts in Volhynia, from the Austrians, the Russians are pressing their advances westward. In numerous places not only have the Russians gained the banks of the Ikwa and other rivers, but have crossed the streams and continued their offensive against their foes. In the region of Kovel, midway between Lutsk and Brest-Litovsk and in the vicinity of Rovno, southeast of the fortress, the Russians have begun actions against the Austro-Hungarians. Likewise in Galicia there has been no let-up in the Russian attacks against the soldiers of the German front. The German guns have been pounded the line along the Drina to the lake region south of Dvinsk and thrown infantry attacks against the Russian positions south of Smorgon. In the latter region the Germans report the capture of the village of Kunawa, but Petrograd asserts that all their attacks were repulsed.
The situation in Mexico is said to have increased in intensity to such an extent that intervention is being urged by some. Preparations for such an event are being rushed, it is said.

HELEN KELLER TALKS OF LOVE.

ADMITS MANY PROPOSALS AND ONE HEART AFFAIR.

Wonderful Blind Deaf-Mute Tells Reporters Her Ideas of the Perfect Husband and Believes They will be Realized Under More Perfect Conditions.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, June 8.—Love is a topic that Miss Helen Keller avoids in interviews, yet she has some unique opinions on this absorbing theme. She is here for the conventions.

"I am not telling my love affairs," she spelled into the palm of her teacher's hand. "They are not for publication." Although she admitted many proposals as a "star" and possibly one heart affair, as there is said to be a certain young man who is attentive at this time.

The master in the house in ideal conditions such as are sensed by Miss Keller in a new day is not of the common species. He will be a master man, willing to permit his wife to be the disposer of the household supplies and the real "boss."

The ideal state of matrimony, however, Miss Keller does not expect until woman is economically free. So long as man is the "money bag" this sure-marriage system will be missing.

A happy interest flashed in her eyes and her halting voice when she was requested to describe her ideal man.
"Of course, he will be handsome for eugenic reasons," she said, with a smile. "He doesn't have to be rich; I am paying my own passage through the world and am proud of it," she asserted. "Nor does the ideal man have to be possessed of a college education. He must be one who thinks straight. Many men have obtained an education by their own efforts. For example, Mark Twain, one of my ideal men. For he was broad, human, tender, yet strong and full of humor."

SCHURMAN SPEAKS FOR JUSTICE HUGHES.

(BY A. F. NIGHT WIRE.)

CHICAGO, June 8.—President Jacob Gould Schurman of Cornell University, who hitherto has favored the candidacy of Elihu Root, tonight issued a statement declaring that while Justice Hughes had authorized no one to speak for him, from a personal acquaintance with the justice he was assured that Mr. Hughes was in the fullest accord with the issue of Americanism and always has been in sympathy with what is now the attitude and sentiment of the Republican and Progressive parties.

DOVE OF PEACE FLUTTERS OVER THE CONVENTION.

Resolutions Adopted by the Republicans and Progressives to "Get Together" are Loudly Cheered as the Real Sentiment of Every Delegate Present—Conferees are Named to Agree upon a Single Candidate.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, June 8.—The dove of peace is fluttering over the Republican and Progressive parties. It was invited to approach by the action of the conventions of the two parties in agreeing to the appointment of joint committees to confer for the purpose of arranging all differences.

These differences have narrowed down to the personality of the candidates for President and Vice-President.

The Progressive party took the initiative in this move. During its session this afternoon it adopted the following resolutions:

"In the spirit of the statement approved at the meeting of the national committee, held on January 11, last past, the national convention of the Progressive party invites and requests the national convention of the Republican party to appoint a committee of conference to meet and confer with a similar committee from this body."

CANNON SAYS REPUBLICAN WILL BE NEXT PRESIDENT.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, June 8.—"Uncle Joe" Cannon, venerable chief of Republican standpatters, 80 years old and as hearty as most men at 40, visited the national convention floor today and gave his prediction of the outcome in positive phrases. In words and with a manner that breathed "no compromise," he declared:

"As to the outcome of the convention I have just this to say: There will be a Republican nominated on a Republican platform and he will be elected."

WET WEATHER FOR CONVENTIONS.

CHICAGO IS SOAKED BY A DELUGE OF RAIN.

Downpour is Steady for Forty-eight Hours and no Let-up is in Sight—Delegates Forced to Use Taxis—Snow Falls for Few Minutes Near St. Louis.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, June 8.—Rain! Rain! Rain! Jupiter Pluvius is going to remain in Chicago twenty-four hours longer. This was the prediction made today by Forecaster Cox after he examined the weather maps in the Federal Building.

Forty-eight hours of unbroken precipitation, totaling 7.50 inches, is the record of the deluge of the last two days, as recorded at the bureau at 10 a.m.

"It still is raining," said the weather man, "and we don't know when it will stop. It probably will continue intermittently for twenty-four hours longer. The fall for the last twelve hours was 2 1/2 inches, the greatest June precipitation since June 22 and 24, 1895, when 3 1/2 inches fell."

The rain has been a bonanza to taxi drivers. With thousands of visitors in town attending the Republican, Progressive and woman's party conventions, the demand for taxi hire has been unprecedented, according to chauffeurs.

SNOWS NEAR ST. LOUIS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

ST. LOUIS, June 8.—The Weather Bureau passed out the chilly information today that the present cold snap will continue throughout Friday and possibly Saturday. The weather of the bureau show that the weather to date in June has been somewhat colder than it was last June, which was said to be a cold weather record-breaker. Many inhabitants said it was the coldest June they ever experienced hereabouts.

The thermometer registered 58 deg. last night and 58 this morning, while forty miles away snow fell at Jerseyville, Ill., for a period of two minutes during a rain and windstorm. Old residents here say it is the first time snow fell there in June, previous records for snowfall being late in May.

PRINCIPLE OF INDORSEMENT

Prohibition as a Policy of Honesty

"In 1861 the Republicans stood for the Union. As it stood for the Union of States, it now stands for an united people, true to American ideals, loyal to American traditions, knowing no allegiance except to the Constitution, to the government and to the flag of the United States. We believe in American policies at home and abroad.

PROTECTION OF AMERICAN RIGHTS.

We declare that we believe in and will enforce the protection of every American citizen in all the rights secured to him by the Constitution, treaties and the law of nations, at home and abroad, by land and sea. These rights, which in violation of the specific promises of their party made at Baltimore in 1912, the Democratic President and the Democratic Congress have failed to defend, we will unflinchingly maintain.

FOREIGN RELATIONS.
"We desire peace, the peace

We believe that peace and neutrality are well as well as profitable to the commerce of the United States cannot be preserved by shifty expedients, by phrase making, by performances in language, or by attitudes ever changing in an effort to secure groups of voters. The present administration has destroyed our influence abroad and humiliated us in our own land. The Republic that we think that a firm, consistent and courageous foreign policy always maintained by Republican Presidents in accordance with the principles of the Jeffersonian tradition is the best, the only one that can preserve our peace and restore to the world a rightful place among the nations. We believe in a just settlement of international disputes and favor the establishment of a world court for all purposes.

Bill Drafted for Universal Service with Colors.

National Defense Leaders to Give it Approval.

Measure also to Include the Naval Contingent.

SENATE DURING EXCLUSIVE REPORTS.

WASHINGTON BUREAU OF THE TIMES, June 8.—The draft of a bill which would give the United States 100,000 new trained soldiers each year, and at the same time would free the citizen of his military duties before he is 15 years old, was completed today. It has already been accepted in principle by Senator Chamberlain, chairman of the Senate Military Affairs Committee, and by several national defense leaders, and probably will be introduced in the Senate immediately after the Democratic convention.

Intended to produce all the results which his present universal training bill would have, the measure is free from the objections which Senator Chamberlain has made to it.

One of the great objections to it is that it took ten years to complete training. The new bill would complete training in six months of intensive training.

MILITARY SCHOOLS.

An added feature is that it would at approved military schools reduce still further the time necessary to spend with the colors.

It would also provide for the training of regular scholars, and for the training of the colored people.

Essential features of the new bill, as passed by the House, are: Total service, six months, at a regular year in which boy reaches 18.

School training. One year of military work in schools approved by the War Department will take of the month of field camp service.

Regular army changes. Bill would also full enlistment of larger number of regular army soldiers.

For the navy reserve. Navy reserve included. The bill would also determine the year in which a boy will be trained for the navy.

Physical training. Physical training, under the supervision of military officers, would be required of all boys.

When needed, reserves are called by classes, the youngest first, at a rate of \$10,000 a year.

There would be a small number of reserves for a man of 18, before his turn comes.

Reserves are thought sufficient to any invasion of America, and the measure is under way, important consideration.

"ON TO LEMBERG," CRY OF THE RUSSIANS.

Defeat of Austrians is Reported as Severe and Five Whole Columns are on the Eve of a General Retreat. Losses of the Teutons are Placed at Two Hundred Thousand Men.

(BY ATLANTIC CABLE AND A. P.)

LONDON, June 8, 3:39 a.m.—Special dispatches from Petrograd express the belief that the Russian successes against the Austrians are far more important than appears from the official announcement.

The Daily Telegraph's correspondent ventures the assertion, on the authority of a prominent Russian expert, that "all five Austrian armies are on the eve of a general retreat and that Lemberg is in great strategic danger."

On the same authority it is asserted that a "strategic breach 100 miles wide has been blown in the Austrian front, involving the armies of Gen. Count von Bothmer and Gen. von Boehm-Ermlich, and part of that of Archduke Joseph Ferdinand."

According to other dispatches, the Russian success is largely due to the unexpected use of artillery, surpassing in intensity any previous efforts on either side on the eastern front. The retreat of many Austrian troops has been reported.

According to a statement made by the Russian government, the Austrian losses are placed at 200,000 men.

HIGHER FRUIT PRICES FOR CALIFORNIA CROPS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

SACRAMENTO, June 8.—Although the fruit crop of California is far below normal this year, according to George P. Weldon, acting State Horticultural Commissioner, it does not necessarily mean that the year will be bad for orchardists.

"For" said Weldon today, "fruit in general will be of better quality and should command higher prices."

Of ten crops upon which complete figures are available the apple is the only crop which shows an increase over 1915, and that is 2 per cent.

Comparative figures given out by Weldon today show apricots, cherries and prunes to be the hardest hit of all fruits. In June, 1915, the estimated apricot crop was 71 per cent.

DEMOCRATS ON COAST TO VOTE FOR HUGHES.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

TACOMA, June 8.—If Justice Hughes receives the nomination of the Republicans he will get between 20,000 and 25,000 Democratic votes in the State of Washington today, declared George H. Colby of Tacoma, secretary of the Independent Democratic Club.

"There are a lot of Democrats who would vote for the Progressive nominee if a suitable man is not chosen by the Republicans," said Mr. Colby, "in fact, almost any other nominee would be satisfactory to them. The selection of Justice Hughes would be the most pleasing to the 20,000 or 25,000 Democrats in this State who are affiliated with the Independent Democratic Club. We are saying much about this organization at present and have not even made the officers public, although I have no objection to saying that I am the secretary."

Ford and McGuire were called to the stand following the conclusion of the opening statement to the jury made by David R. Joslyn, who is assisting State's Attorney Dady. Mr. Joslyn charged Orpet with the murder of Miss Lambert and said that the State would prove the charge with facts in its possession.

A number of letters from Orpet to the girl showing the history of their affection were given by the State to the defense on order of the court.

Predict Intervention

(Continued from First Page.)

certain to happen as the affair which started the Filipino insurrection in 1916. It may come in a month and it may come in a few days.

Meanwhile sporadic raids into the United States will continue. They cannot all be checked. The reason is that the southern border of the United States is something like 1000 miles long.

The mobile army of the United States has something like 12,000 men in all branches of service. Most of this microscopic force is massed near here.

To continue the administration's humorous policy of watching the rival Mexican factions emulate the Kilkenny cats so long as they stay on their own side of the border would require at least twice the army available as regards cavalry, infantry and artillery. The army is efficient, but as regards transportation and signal service it is a sorrowful joke.

AEROPLANES WON'T FLY. Our mobile army still lacks an aeroplane that will stay in the air. While every other army in the world has its type of military planes our War Department is dealing with the problem as if it were a starting novel. Since our first two aeroplanes foundered in the mesquite, eight new ones have arrived. When in use it was found that some preoccupied persons in the War Department had neglected to ship the proper propellers. In the meantime the auto trucks attached to our aero squad are packing hay for the cavalry regiments.

The buzzards along the road from here to Nampiqui are fattening on the carcasses of American cavalry horses because the government did not deliver the trucks until several weeks after the Columbus raid.

Col. Dodd on his longest forced march traveled 192 miles, but his trail was covered with dead mounts and his splendid cavalrymen worn to the limit of human endurance.

We are now experimenting with truck train organization. Some of the experiments are worth to behold, but the efficiency of the auto has at last been demonstrated to incredulous gentlemen at Washington.

ANTI-AMERICAN OUTBREAK. (BY A. P. NIGHT WIRE.) WASHINGTON, June 8.—A State Department dispatch today described in detail the anti-American demonstration in Chihuahua City, Mex., yesterday, during which placards were torn from the walls of the American consulate. The department has not decided whether a protest will be made to Gen. Carranza.

The official report follows closely the story of the demonstration told in news dispatches.

GAVIRA EXPLAINS. (BY A. P. NIGHT WIRE.) EL PASO, June 8.—Gen. Gabriel Gavira, Carranza commander of Northern Chihuahua, today issued a statement in Juarez in which he described the recent anti-American riots in Chihuahua City as "entirely devoid of the least basis of fact."

He said: "Altogether it rather to be wondered that no meetings of protest have been held sooner."

The demonstration which culminated in last night's riot began Tuesday afternoon with the newspaper publications of several articles criticizing the continued occupation of Mexican soil by American troops and gathered volume at a mass meeting last night, called by La Democrata, a radical paper, according to persons arriving from Chihuahua City today.

YAGUIS ARE RAIDING. (BY A. P. NIGHT WIRE.) DOUGLAS (Ariz.), June 8.—Reports that Yaqui Indians have been raiding ranches and small towns in the southern part of the Arizona district of Sonora were officially confirmed here today by Ives G. Leveier, de facto Mexican Consul. While the Consul has received no list of those killed by the Indians, he said that official reports received in Aguila Prieta state that casualties have been numerous.

The Indians are making their headquarters in Sierra de Aconchi, a range of mountains near the Sonora River, and are raiding the surrounding country for food and clothing.

Americans arriving here today from Cupmas, Sonora, said that while depredations had been reported from the section described by the Consul, it was stated that the Yaquis are accompanied by their families. This lends color to the belief that they are awaiting a favorable time to leave Mexico and follow the border of their relatives.

They have crossed recently into Arizona. After crossing the border they are transformed into the same workmen.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, June 8.—Eight cases out of the forty-two "industrial deaths" caused by the recent foundering of the steamer Roanoke came up today for preliminary examination before the State Industrial Accident Commission.

One of the principal issues indicated by today's testimony will be fixing the identity of the employer of the crew, whether the owner of the ship or the charterer.

The case of Mrs. Clara B. Erickson, widow of Joseph Erickson, one of the Roanoke's quartermasters, was selected as the test case.

ALLIES TO MAKE ATTACK AGAINST JUSTICE HUGHES.

**ANOTHER CONFERENCE
MAY BE HELD TODAY.**

**WILL NAME ROOSEVELT
IF PEACE PLAN FAILS.**

UTUTORIUM HALL, CHICAGO, June 8.—The Progressive National Convention met two simultaneous sessions today and adjourned tonight until 10 a. m.

The morning session was devoted to the day was the approval of a plan to confer on peace plans with the Republican convention.

Leaders made no effort to conceal their belief that the Committee to agree or to some possible basis for an agreement, but that one of the immediate nomination of Col. Roosevelt. In the words of Chairman Robinson, "probably the biggest day in the convention."

Only by many promises to place the matter in the way of the nomination of Col. Roosevelt were

the delegates content to adjourn and await results from the conference.

The convention adjourned about four hours in session, ending with a perfunctory night gathering which recalled the meeting in England last evening. During the night the temporary organization was made permanent, and the plans for the next day's sessions were received, read and made the unfinished business.

ALREADY MAKE A PACES. AGAINST THE RICHES.

All Candidates for the Republican Nomination Join in Agreement to Attempt to Force an Adjournment After the Second Ballot Today, and then Try to Name One of Their Own Number Tomorrow.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, June 8.—The allied candidates for President, joined by the Cummins and La Follette delegates and entirely pro by the Roosevelt delegates, will make their first massed attack against Hughes immediately after the second ballot, some time late tomorrow afternoon. The question will be the direct issue of an adjournment until Saturday morning, without further balloting, and the second roll call.

The motion to adjourn will be made by an agreed representative of the allied camp. The allies expect the motion to be resisted by every vote that the Hughes forces can mobilize.

The plans were made this afternoon and tacitly agreed to by each of the allied candidates, without any reference to the peace negotiations that were started on the initiative of the Progressive National Convention, and in which the Republicans agreed to join to the extent of naming a conference committee.

Direct diplomatic relations were established during the day between representatives of the allies and Oyster Bay. The interchange of communications was sufficiently satisfactory to warrant the prediction from the inside of the allied camp that the fifty or sixty first-ballot Roosevelt delegates will join with the allies in forcing an adjournment tomorrow.

STRATEGY BOARD MEETS.

Shortly before midnight the first formal conference of the allied board of strategy that will direct the campaign during the campaign was started. Every move that is to be made when the balloting begins was to be mapped out. From among the allies the announced conviction, embodied with separate claims made by the individual Hughes strategy men, the motion to adjourn will prevail by a majority in excess of 550.

While both sides of the strength indicates a Hughes vote of approximately 375 on the second ballot, the allies are perfectly confident that the Hughes cannot pass that figure on the second ballot, and they have no idea of permitting him to dictate the action until they shall have been a night of caucusing and framing within their own ranks.

This war map, of course, would be shot to pieces in a second by an allied strategy conference, but would bring a tangible settlement of the nomination on or before the morning that Hughes has conceded that the allies could not stop.

The entire theory of the men who are directing the convention campaign at this critical spot, and who think that they are in complete possession of the organization of the convention, is premised upon this belief, apparently, that the peace negotiations will not help the Hughes candidacy, and that they have the Justice stopped anyhow.

No alteration was made in the original agreement that each candidate in the coalition shall have a fair tryout before the elimination of the weak party began. When tonight's conference opened, it was with the understanding that no candidate was to be preferred in this conference and that the field will go to the post tomorrow morning without artificial handicaps. It was upon this basis that friendly relations were created in the first instance, and which conditions many of the untrustworthy delegates, particularly those from the Southern States, were elated.

The position of the southern delegates, except those rounded up by Frank H. Hitchcock and now credited to Hughes, is no secret in the allied camp. "They want to be with the winner, and they want to know the name of the winner before they declare ballot begins. These delegates are split five ways in every opinion as to whether the allies will make. The only serious danger impending from the allied standpoint, is that the southern delegates might leap aboard a Hughes band wagon.

SITTING TIGHT.

Everybody was reported as sitting tight tonight, and the Monday calm of the allied camp will continue with the combination until they get to the candidate that develops the strongest support. There is no secret in the allied camp as to what the allies were reiterated late tonight.

Root's New York managers were expected to have a meeting tonight, and seemed to have collected a package of good news. His purport was not to have a purely tactical move, but to have him start in the Oyster Bay neighborhood.

The Sherman and Fairbanks teams were particularly spry and healthy. Several observers within the allied trenches picked Root, Sherman and Fairbanks in that order, to figure most significantly in the final wind-up if there is a wind-up at all. The campaign around one of the field candidates.

It was figured that the Weeks vote was high, but not high enough, although the Weeks lieutenants are as cocky in their claims as anybody else. The Burleigh vote will continue to be high, but it will not show the signs of activity that were in evidence early in the week. The trustees forces are standing pat, looking for something to happen when the smash-up arrives.

CONFERENCE TO BE HELD TODAY.

[BY A. P. NIGHT WIRE.]

CHICAGO, June 8.—The conference of the Republican and Progressive parties announced that they would not meet again until after the sessions of the two conventions tomorrow. The only statement given out was that "we report progress."

The conference were unanimous in asserting that the conference was entirely harmonious. Discussion of candidates followed just two lines: the individual Hughes and about Col. Roosevelt; the Republican conference suggested the names of various favorite sons, including Fairbanks, Burton, Root, Hughes and others, but reached no unanimous decision that they favored any one of them above the other. The entire range of discussion, it was said, never got beyond generalities.

While both sides of the "report progress" the Republicans appeared to take a more optimistic view of the situation than some of the Progressives, but no matter how far from a unanimity of opinion that an agreement was probable.

The Republican conference could report to their respective conventions in the morning. Neither was it at all sure that the conference which assembled could be controlled. It was announced that three ballots would be taken in the Republican convention, and if it resulted there would be a further inference tomorrow night. If, however, as might very likely be the case, the Republican convention would nominate tomorrow, all further negotiations would be impossible.

NAMES MENTIONED.

Early in the evening there was a report that the Progressive conference offered the names of Senator George W. Perkins and General Cuthbert and Leonard Wood as acceptable to them, but this proved to be untrue. No such suggestion was made. The only suggestion that they were talking about was that they would nominate tomorrow.

INGENUE TO MAHRY.

Admits She'll Leave Stage When Bride of Hotel Man.

A coming marriage of considerable interest to theatrical and hotel people was made known here yesterday when it was announced that Miss Alma Stech, pretty ingenue, now playing in San Francisco, is about to desert the ranks of musical comedy to become the wife of Frank Shanley, proprietor of the Continental Hotel (formerly the Chickasaw), No. 628 North Hill street.

Miss Stech refused to discuss her proposed emigration on the score of matrimony, other than to say that it will not take place until late this month.

"The date has not been definitely set," said Miss Stech, "but I will remain with the company until my engagement is closed. When we are married I will certainly retire."

Miss Stech is well known on the Pacific Coast, having played for some time with Kohl and Dill in San Francisco, where she also appeared with Dillon and King before they started on their last tour of the north. She has been in musical comedy the past five years. Mr. Shanley is well known in San Francisco business circles and also is proprietor of a hotel there.

THREE ENTER GUILTY PLEA.

Wife Assumes Responsibility
in La Point Case.

Says Learned Counterfeiting
from Jibbs Men.

Penitentiary for Two; Reform
School for Girl?

The counterfeiting firm of W. H. La Point, wife and daughter, was dissolved by judicial consent in United States District Judge Trippe's court yesterday, when the trio pleaded guilty to three of the five counts of the indictment returned by the federal grand jury charging making, passing and having in their possession counterfeit dollars and half-dollars.

Two valises full of coins, molds, acids, and a fluid combination invented by Mrs. La Point to remove the new appearance from the coins, besides having been used in making of the "phony" stuff, and other paraphernalia, were placed on exhibit by Special Agent Hagan of the Treasury Department, who had worked up the case against the trio.

At the conclusion of the hearing Judge Trippe examined the exhibit in the valises, and, with the remark: "This is more serious than I supposed," postponed the imposition of sentence until this morning.

Mrs. La Point took upon herself the discredit of having started the family in the counterfeiting business. She stated that she had been initiated into the mysteries of the manufacture of bogus silver coins by "Joe" Riley and Walter Simmons, jinxed drivers, who, with their wives, are now under arrest in San Francisco.

The husband confessed that he had gone into the business for the purpose of buying a second-hand automobile with which to carry on his business of electrician, and begged the mercy of the court. The daughter was not put on the stand.

Assistant United States District Attorney O'Connor demanded that penitentiary sentences be imposed on the husband and wife and that the girl be sent to a reform school during her minority. He said that scores of clerks in the Los Angeles department stores had been imposed on by the trio, as they had to make good the counterfeit coins was scattered in every direction. Referring to the statement of W. H. La Point, O'Connor said that Miss Tidd had been raised under good influences. Mr. O'Connor stated that the girl could not be controlled by her grandmother, Mrs. Wood, and that the adopted son of Mrs. La Point is now inmate of San Quentin, where he is serving a term for burglary.

La Point confessed that he had used three bars of the habit metal, enough to make 340 bad dollars.

**PICK POSTERS TO
ROUT DEMON RUM.**

JUDGES IN "DRY" CONTEST TO
NAME WINNERS TOMORROW.

Four Prizes are to be Awarded
Young Artists of Southern High
Schools and the Product of Their
Brushes will be Spread Broadcast
Over State.

The "dry" are soon to place a California with anti-booze posters. The posters, that are to be used to convey the impression of a dry California, will be announced tomorrow evening at the Hall-Summers dialogue-debate at the Bible Institute. The winners of a prize poster contest will be named from the platform.

When a poster campaign was decided upon as an effective weapon to use against California wet, all the high schools in Southern California were invited to send posters to the California Campaign Federation in the Merchants' Trust Building.

A committee of judges was appointed—John R. Elliott, Harley Brundage, Fred W. Blanchard, I. W. Gleason and Miss G. T. Bickner. The committee has made its selection but the result will not be announced until Saturday evening. Sixty-five posters were submitted. The first prize is \$25, the second \$10 and the third \$5. In addition, the little city of Downey offered a fourth prize, and Downey High School pupils submitted four posters. In addition to the winners of the four prizes, a number of posters have been selected for honorable mention. The names of the young artists will all be announced at the Saturday evening meeting.

The winning posters are to be exhibited at the state convention of the Women's Christian Temperance Union in San Diego, next Tuesday to Friday.

Accused by two masked men
armed with revolvers and long
knives, Jack Pillows of Sherman
early yesterday morning yielded to the demands of the highwaymen and handed over \$355 in gold and a diamond ring valued at \$100. The robbery occurred in the vicinity of the ball park. Pillows stated that it was his belief that the highwaymen were Mexicans, judging from the few words they spoke, their clothing and the dexterity with which they handled their knives.

REALLY BIG WORK.

Problems of Salesmen Subject of
Fascinating Speeches at Dinner of
Members of International
Association—Emphasis
Laid on Efficiency.

Describing the salesman as the real engine in the retailing of today, F. M. White of Bullock's drove home at the International Sales Managers' Association dinner at the Alexandria Wednesday night the point that salesmanship is really big work. Retailing establishments are demanding stronger than ever salesmen and women of the highest ability, he said.

William J. Suter of the Hammond Lumber Company said every business is crying for executive men who can lead, who are constructive. He, with Mr. White and J. W. Brown of the Western Wholesale Drug Company, spoke on "How to Secure Maximum Efficiency from Salesmen's Meetings." Mr. Suter said such meetings should be educational, for the benefit of the salesmen, and also for the purpose of removing the friction that always exists between the sales, credit and manufacturing departments of any business.

Mr. Brown said these meetings mold a man into the way of thinking of the heads of the business. He found the salesman's meetings a very big problem and said his company had gained results by having small classes of ten or a dozen.

An interesting feature of the evening was a demonstration sale given by Robert D. Peck of Detroit, Mich., special representative of the Acme Paint Company, and Mr. White. They brought out the salient points in good salesmanship. Mr. Peck showed how a strong, aggressive talk gets business.

Will R. Forker was chairman of the meeting and E. S. Buford, L. J. Hadley and J. V. Sweetser, in charge of the program, which the chairman spoke of as one of unusual quality.

LOVE'S ROUGH PATH TRODDEN BY FOUR.

TWO PAIRS OF RUNAWAYS ARE
TAKEN INTO CUSTODY.

Parents of One Girl Cause Arrest of
Youthful Lover on Serious
Charge—Another Swain in Trouble
Because Maid's Grandmother
Refuses Consent to Marriage.

The path of true love has proved extra rough for two young couples and all four young folks are in jail as a result.

The thought of incarceration in the County Jail so frightened pretty Sophie Mues, a 17-year-old girl arrested in a bungalow on Sixty-first street, that she fainted away, and efforts of the jailers and matrons failed to revive her. A physician was called and ordered her sent to the County Hospital.

The girl was arrested in company with Bernard S. Burchfield, a 19-year-old driver, who is held in jail on bail of \$1000, accused of contributing to the girl's delinquency. He is only 17 years old himself, the son of a well-to-do contractor.

The girl disappeared about three weeks ago and when she was found living with Burchfield, her parents swore out a warrant against him. Detective Smith of the District Attorney's office made the arrests. The girl is held merely as a witness. She declared she loved him and would not testify against Burchfield if he is brought to trial.

Consent to marry may clear away the troubles of Edna Huribert and Leroy C. Tweedy, arrested yesterday afternoon by Deputy Sheriff Mrs. Yaw, who found them seated under a tree along the roadside near Bell Station.

The youthful pair ran away from home on Monday night. Young Tweedy had asked the girl to marry him, but could not obtain the consent of her grandmother, with whom she lived. The girl suggested the runaway, but they failed to reach Los Angeles and the Courthouse. The youngsters were out of funds.

The husband confessed that he had gone into the business for the purpose of buying a second-hand automobile with which to carry on his business of electrician, and begged the mercy of the court. The daughter was not put on the stand.

Assistant United States District Attorney O'Connor demanded that penitentiary sentences be imposed on the husband and wife and that the girl be sent to a reform school during her minority. He said that scores of clerks in the Los Angeles department stores had been imposed on by the trio, as they had to make good the counterfeit coins was scattered in every direction. Referring to the statement of W. H. La Point, O'Connor said that Miss Tidd had been raised under good influences. Mr. O'Connor stated that the girl could not be controlled by her grandmother, Mrs. Wood, and that the adopted son of Mrs. La Point is now inmate of San Quentin, where he is serving a term for burglary.

La Point confessed that he had used three bars of the habit metal, enough to make 340 bad dollars.

At Sunset (In Chicago)

TWO PAIRS OF RUNAWAYS ARE
TAKEN INTO CUSTODY.

Parents of One Girl Cause Arrest of
Youthful Lover on Serious
Charge—Another Swain in Trouble
Because Maid's Grandmother
Refuses Consent to Marriage.

The path of true love has proved extra rough for two young couples and all four young folks are in jail as a result.

The thought of incarceration in the County Jail so frightened pretty Sophie Mues, a 17-year-old girl arrested in a bungalow on Sixty-first street, that she fainted away, and efforts of the jailers and matrons failed to revive her. A physician was called and ordered her sent to the County Hospital.

The girl was arrested in company with Bernard S. Burchfield, a 19-year-old driver, who is held in jail on bail of \$1000, accused of contributing to the girl's delinquency. He is only 17 years old himself, the son of a well-to-do contractor.

The girl disappeared about three weeks ago and when she was found living with Burchfield, her parents swore out a warrant against him. Detective Smith of the District Attorney's office made the arrests. The girl is held merely as a witness. She declared she loved him and would not testify against Burchfield if he is brought to trial.

Consent to marry may clear away the troubles of Edna Huribert and Leroy C. Tweedy, arrested yesterday afternoon by Deputy Sheriff Mrs. Yaw, who found them seated under a tree along the roadside near Bell Station.

The youthful pair ran away from home on Monday night. Young Tweedy had asked the girl to marry him, but could not obtain the consent of her grandmother, with whom she lived. The girl suggested the runaway, but they failed to reach Los Angeles and the Courthouse. The youngsters were out of funds.

OPENING ROUND IS WOOLWINE'S.

Wins First Blood in Battle Against Accusations.

Principal Parts of Demurrer Sustained by Court.

"Dereliction of Duty" Case Goes to Trial Today.

Dist. Atty. Woolwine won a decided victory yesterday over his political enemies, who have accused him of dereliction of duty, when Judge Willis sustained the principal portions of the demurrer entered by Attorney Joseph Ford against the charges framed by Attorney Harry Ellis Dean.

Judge Willis stated that he would dismiss the first four accusations entered by the district attorney, and that the district attorney had no case against the defendant.

And Fourth Former Employee of County Hospital is Sought as Result of Death of Insane Patient Who Succumbed to Effects of Injuries.

Walter Drogge, formerly a nurse at the County Hospital, was arrested yesterday morning at Livermore, just a few hours after the grand jury had returned a secret indictment against him in connection with the death of Edward Purrer, an insane patient who died as the result of injuries inflicted upon him before being taken from the local institution to the asylum at Patton.

Robert Smith, another former nurse, has already been convicted of manslaughter in connection with the death of Purrer. Smith, who was a nurse, will go to trial this coming week and a fourth nurse was indicted by the jury but has not yet been located.

It was during the trial of Smith that Deputy District Attorney Doran uncovered considerable evidence he believed tended to incriminate Drogge. Drogge was taken into custody and is being held in the county jail.

Judge Willis issued a bench warrant for Drogge and his trial will be brought here. The jury fixed the bond against him at \$10,000.

FEW GO TO BEACHES. Low Rates to West Coast Cities Fail to Attract Expected Traffic. Less than 3500 persons took advantage of the 25-cent rate to the beaches, which was put into effect for the first time yesterday by the District Attorney.

Robert Smith, another former nurse, has already been convicted of manslaughter in connection with the death of Purrer. Smith, who was a nurse, will go to trial this coming week and a fourth nurse was indicted by the jury but has not yet been located.

TUMBLE A MYSTERY.

Police Will Look up the Record of Elderly Miner, Whose Fall from Hotel Roof is Unexplained. Injuries Severe.

The police will today investigate the activities of F. A. Luce, 62 years old, a miner, who early yesterday morning fell through a skylight on the roof of the St. Marks Hotel, No. 100 South Olive street.

He fell a distance of forty feet and was severely injured, although no bones were broken. According to the police, Luce was prowling on the roof when the accident happened. He stated he had no recollection of the manner in which he reached the perilous place. A bunch of pass-keys in his pocket decided the police to hold him for investigation.

In the meantime he will occupy a cot at the County Hospital.

WINS SUIT FOR BALM.

Arrested Because He Held Up Check During Automobile Deal, Buyer is Cleared and is Awarded Damages from William La Casa.

J. N. Sewall wanted an automobile and he bought one through William J. La Casa, agent for the Brandenburg-Pearson Company. He gave a check, but subsequently he stopped payment on it. Mr. La Casa says he consulted an attorney and, acting on his advice, he swore to a complaint and Mr. Sewall was arrested on a felony charge.

Before Justice Young it was shown that he had money in the bank upon which the check was drawn, and stopped payment because the car he received was not the one he wanted.

The case was dismissed.

Mr. Sewall then brought suit against the Brandenburg-Pearson Company. Mr. La Casa and others, but the action was dismissed as to all except Mr. La Casa. The suit was tried by Judge Fairbrother, with Attorneys Bacon and Garvey appearing for Mr. Sewall, and the result was a judgment for the plaintiff of \$1,185 damages for alleged malicious prosecution. The court yesterday awarded him \$500 damages.

MAY TURN BEQUEST TO COUNTY BENEFIT.

WILL ENDOWS HOSPITAL THAT DOESN'T EXIST.

Woman Seeking to Aid Unfortunates Provides for Bed in "City Hospital of Los Angeles." Disposition of Fund Depends on New York Probate Court.

While in New York on his vacation, County Counsel Hill placed before the proper authorities there certain information and a resolution recently adopted by the city of Los Angeles, to the effect that the City Hospital of Los Angeles, formerly a resident of this city and Sierra Madre.

Mrs. Holmes named among the beneficiaries of her will the Receiving Hospital of this city. The sum was to endow a bed in the hospital, to be known as the "Lizy Hastings bed." The city officials decided the Receiving Hospital should receive an endowment, but that the County Hospital is used as a city hospital. The County's resolution states this opinion. Mr. Hill will place the matter before the probate court in New York.

Mrs. Holmes was one of the heirs of the Hastings estate, being before her marriage to L. W. Holmes, a former city judge of New York, Miss Lizy Hastings of Sierra Madre. She lived during her girlhood on the Hastings estate.

Mrs. Holmes's will was executed in New York in 1907, and in 1914 she was named as a beneficiary. The beneficiaries are Ida A. Carrell, Clinton M. Ostrander, Reba C. Stanley and Mel Reynolds. The latter, a resident of Los Angeles, is a resident of this city.

The total value of the estate was \$214,680, having a net value of \$181,572.

GRIEF FOR THESTIAN.

Dusky Actor Must Stand Trial on Burglary Charge.

"Bob" Shaw, on occasions popular comedian and at other times leading tragedian among the colored actors of Los Angeles, faced a real tragedy in Justice Brown's court yesterday afternoon, when he was bound over for trial in the Superior Court on a charge of burglary. It is charged he entered the room of Mrs. Donna Manning and stole about \$40 from a small bank.

His associate followers of Theopis and other dusky friends, learned of the want to which an actor may at times be reduced when Shaw told of sleeping on the stage of a theater on Central avenue having no room.

He also admitted that he peddled bills from house to house, dusted off the chairs in the theater and swept the stage.

TWO CHECK CHARGES.

Son of Dalrymple in Trouble Here and at Pasadena.

G. H. Smith, son of T. A. Smith, dairyman and land owner of Porterville and Claremont, was arrested yesterday at the latter place by Constable Forbes on a charge of having passed a fictitious check for \$125.00 on the Mason Hotel in this city. The check was made out to L. W. Valin and drawn on the First National Bank of Porterville. His preliminary hearing was set for Monday.

Today he will have to answer to another fictitious check charge brought against him in Pasadena. His preliminary hearing will be held before the justice of the peace in that community.

FATHER WON'T HELP.

Iowa Sheriff Refuses Action in Behalf of Accused Son.

Sheriff G. W. Matton of Polk county, Iowa, yesterday by telegram refused to interfere in behalf of his son, Charles F. Matton, wanted here for passing bad checks. According to the report made to the police, the young man called upon B. G. Williams of No. 2225 West Fourteenth street, in this city, and because of a former friendship, succeeded in inducing Mr. Williams to cash a number of checks. Mr. Williams, before notifying the police, wired Sheriff Matton. The police have been asked to search for young Matton.

TO WIN ESTATE PLAYS WIDOW?

Petitions for Administration of Gordon Property.

Supposed Husband Appears to Spoil Woman's Role.

Friends Assert Dead Man was Never Married.

Reputing a man said to be her own husband and apparently obsessed with the idea that she is the widow of another, Mrs. Julia R. Gordon petitioned the Probate Court for letters of administration on the estate of J. R. Gordon, who died April 24 last. In the petition she alleged that she is the widow of J. R. Gordon. Public Administrator Gordon also petitioned to be appointed administrator, as apparently Mr. Gordon had no heirs.

From statements he has received, Mr. Bryson was convinced that Mr. Gordon was a bachelor. He investigated the claim of Mrs. Julia R. Gordon and discovered, he says, that her husband, Robert Gordon, resides at Watts. He subpoenaed Mr. Gordon as a witness at the hearing of the two petitions, in Judge Tivies' court yesterday.

The sensational climax was prematurely brought on, Mrs. Gordon met Mr. Gordon at the door. According to spectators, she told him she did not know him, and then upbraided him for appearing at court. "I am here to tell the truth," Mr. Gordon said to her. Mrs. Gordon left the courthouse, and her attorney, John D. Dawson, asked to have her petition dismissed.

Mr. Gordon owned 24,038 shares of stock of the Suburban Development Company. The estimated value of the

Carry an Extra Tire
in Your Blow Box

With Dobbins Blow-Out Chains aboard, it's the same as always having an extra tire in your tool box. When your last spare tire "goes bang," you don't have to run on the rims or wait on the road for a new shoe. You quickly and securely hold the blow-out with this wonderful device—

Dobbins
Blow-Out Chains

They reinforce the shoe and hold the wheel steady so securely that it becomes the strongest part of the tire. Dobbins Blow-Out Chains are attached when the tire is deflated, and the broken fabric and rubber are drawn together upon its inflation. They do not shift their position, and are equally as efficient for blow-outs occurring near the rim as in any other part of the tire.

Redondo Beach. Names President. Co-ed Killed Under Train. Mexican Accused. Imperial Valley Gets Invitation. To Make Flood-Control Benefit Cost's Gauge.

Redondo Beach, June 8.—R. E. Matteson, president of the board of education in this city, was elected president of the Redondo Beach Chamber of Commerce last night at banquet at the Casino Cafe attended by more than 100 members of the chamber and their friends. He succeeds P. S. Venable, who resigned owing to other business matters that took up his time. Mr. Matteson is manager, also, of the Western Fuel Gas and Power Company here. Attorney C. C. Stanley of Los Angeles was the speaker of the evening and gave an excellent address on "Patriotism," explaining the patriotism means the life of a country. He deplored the fact that the country today is losing the spirit of nationalism and that people have no conception of the time necessary to build the spirit of patriotism, which is imperative to a great nation. Mrs. C. C. Stanley, formerly of the Redondo Beach Chamber of Commerce, accompanied by her husband, Mr. W. H. McKnight, district attorney of Los Angeles, were present at the banquet. The industrial building which will be built soon in this city.

San Bernardino. Co-ed Killed Under Train. Mexican Accused. Imperial Valley Gets Invitation. To Make Flood-Control Benefit Cost's Gauge.

San Bernardino, June 8.—Wearing rough mountain attire of a man in order that she might pursue her studies of sociological conditions Miss Elizabeth C. Huber, aged 23, of Taunton, Mass., fell under a freight train which she attempted to board early today and passed away late this afternoon from the shock of having both legs crushed. Just before she died she declared to surgeons that she was ready for the end, breathed a prayer that the news be kept from her mother and quoted a few passages of scripture. It was not until a few minutes before her death that it was discovered that the mangled form was that of a girl instead of a young man. Miss Huber was on route from San Bernardino where she had been visiting with a friend, Miss Mary Perkins of No. 3405 Fifth street, San Diego, to Victorville. Last night she inquired of police officers the way to the desert and it is believed she was intending to gather data for a magazine article. The brother, B. C. Huber of Oceanside, arrived tonight and stated she was a graduate of Radcliffe College of Cambridge, Mass., and a student of sociology. The father of the girl was formerly a well-known manufacturer at Taunton, Mass. The remains will probably be sent East.

Imperial Valley. Gets Invitation. To Make Flood-Control Benefit Cost's Gauge.

Imperial Valley, June 8.—With inquiries from summer visitors coming in at a rate never before equaled, and hotel men preparing for the best summer season this beach has ever known, Karl I. Faust was sent to Imperial Valley today by the business and civic organizations to complete the plans for making Long Beach the summer capital of residents from that famous and productive section. Mr. Faust will journey through every city in the valley, call meetings and get endorsement from the business and civic organizations to complete the plans for making Long Beach the summer capital of residents from that famous and productive section. Long Beach. To Make Flood-Control Benefit Cost's Gauge.

Long Beach, June 8.—Taking no chances when a man who was prowling around her house at noon failed to explain his presence on her property, Mrs. G. E. Gulen shot him through the leg. Upon hearing the shot several men working nearby ran to the house and captured the stranger, who made no attempt to escape. According to Mrs. Gulen, the man was turned over to the town marshal, Sam Ellis. When questioned Ellis denied any connection with the case. Both calls in the town hall were empty, but fresh bloodstains marked the walk leading to the call. Mrs. Gulen charges that Ellis let his prisoner go after taking him to the jail.

Double Vision. Formerly produced by old-style bifocal lenses was a constant source of annoyance. Now, it is a pleasure to wear "Kryptok" glasses that combine both distant and near lenses in one, giving perfect vision without betraying the fact that it is necessary to wear two pairs; furthermore, they are sanitary, as there are no seams to catch dirt or germs. Wife Too Ill. TO WORK. IN BED MOST OF TIME. Her Health Restored by Lydia E. Pinkham's Vegetable Compound. Indianapolis, Indiana.—"My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 100 pounds, and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound, and in a few months later I weighed 125 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. Wm. G. Brown, 323 S. Addison Street, Indianapolis, Indiana. There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy. If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Typoid Germs Lay Low Thirty. (BY DESK WRITER—EXCLUSIVE DISPATCH.) FRESNO, June 8.—Mrs. T. F. Walker died today at her home near Wheatville, Fresno county, and is the first victim as the result of contracting typhoid fever from eating a home-made ice cream at a picnic near Helms about two weeks ago. Five children in the Walker home are also reported to be critically ill. In all, about thirty persons are sick as the result of eating the ice cream. Several of the typhoid patients are under observation at the County Hospital here. A representative of the State Board of Health has been here making an investigation.

Fatalities Wounded. (LOCAL CORRESPONDENCE.) COVINA, June 8.—Darote Linnarts was fatally wounded here tonight by Thomas Guerry, his acting typhoid nurse, who shot him in the back with a .38 Smith & Wesson revolver. The man left the Mexican quarter and went out on the street near Irwindale, where the shooting took place. Linnarts was hit five times, but there is no indication that he did any shooting in return. He was wounded man was taken to the County Hospital after a local physician said there was no hope for his recovery.

Mongolian Stoolies. (LOCAL CORRESPONDENCE.) VICTORVILLE, June 8.—An innocent-looking Korean with a glass eye proved the undoing of several blind pig keepers in this vicinity. The latest victim of the wily one-eyed Mongolian was Alex Davidson of Oro Grande, who was fined \$250 and given a suspension sentence. It was found difficult to secure spots where he were not recognized by the Sheriff and his men. The San Bernardino county officials hit upon a successful ruse when they sent out two Koreans to entrap the offenders. It is said the Koreans pretended to be surreptitiously selling lottery tickets and incidentally purchased liquor, which was used in evidence. The cases of late have been tried by the Superior Court in San Bernardino, and the fines imposed are such that the liquor-dispensing are being convinced it is no joke.

Raid Uncovers A Cache of Liquor. (BY DESK WRITER—EXCLUSIVE DISPATCH.) LORDBURG, June 8.—Thirty-five blind pig keepers were fined \$450 here today as a result of a raid headed by Constable Blunker of Pomona, late last night. John Bonella was fined \$100, Vincent Hayes was fined \$50 and Joe Jarmella was fined \$100. Tom Moore pleaded not guilty. He will have a hearing before Recorder Alford Friday forenoon. In making his swoop upon the place the Constable deputized citizens and had them surround all four houses simultaneously. The agents brought in a lot of bottles of beer and fourteen bottles of whiskey. There wasn't a drink of wine in the whole lot.

Fullerton Hires New Principal. (LOCAL CORRESPONDENCE.) FULLERTON, June 8.—E. W. Hauck is to be the next principal of the Fullerton High School. Mr. Hauck has resigned as principal of the Anaheim High School, where he has served for the last three years. The Fullerton High School board has far taken only an informal vote, agreeing upon Mr. Hauck, but he will be confirmed at its next meeting, it is said. Delbert Brunton, who was released from the principalship here, has accepted the principalship of the Orange High School. All but two teachers in the school here have been re-elected and the question of re-electing the two will be considered at the next board meeting. Two teachers have resigned, making two vacancies to be filled.

RAILROADS THE FEATURE IN WALL STREET TRADE.

Considerations Arising from the Political Situation Govern the Market to an Unusual Extent, but Gains are Held or Added to with Only a Few Exceptions—Shipping Shares are also Active.

NEW YORK, June 8.—Considerations arising from the political situation governed today's market to an unusual extent. Gains were again the outstanding feature. Shipping made an advance of 1 1/2 to 1 3/4, all of which was lost before the close. Chesapeake and Ohio retained in point of premium, and registered an advance of 1/4 to 5/8, all of which was retained. New York Central, Illinois Central, St. Paul and some of the southern division held or added to recent gains, with moderate recessions in the final hour. Shipping shares were only second to the rails. United Fruit advanced 1/4 to the new record of 100 1/4. Automobile stocks and accessories were only moderately active and firm, with a belated demand for Studebaker at a substantial gain. United States Smelting rose to a new maximum on its advance of 1/4 to 5/8, as also did American Steel.

TO SEE FOR HIMSELF.

Goldfield Pioneer Here on His Way from Bolivia to Ostman.

Dr. L. E. Benson, who was the second man to pitch a tent at Gold-

field and has been active in the mining business in the Southwest for many years, departed last night for Oatman, Ariz., after a visit to the journals at the Almaden. He arrived here a few days ago from Bolivia, where he has large mining interests.

Dr. Benson declares Bolivia is the world. He says it has an almost infinite undeveloped country in the exhaustible supply of gold, silver, copper, tungsten and other minerals.

"I did not return to the United States because of the Oatman strike," he said, "but upon arriving in New York I heard of the present mining situation and decided to return."

LINE DIVIDES HOUSE.

It Is Drawn on the Sink and Wife Seeking Divorce, Says Hubby Throw Apple Farings onto Her Side of it; Court Denies a Decree.

The house of John Charles and Anna Augusta Meyer was divided. Mrs. Meyer literally drew a line on the sink board and issued the fiat that her husband should prepare the vegetables on his side and under no circumstances encroach on her side.

One day, she said, she found apple parings tossed on her side. She threw them back. They were returned and she fired them back again. Then she declared he pushed her roughly against the sink, hurting her. She said he said he spanked her on occasions.

Mrs. Meyer brought suit for divorce and she told her story to

Judge Wood yesterday, but as she lacked corroboration, the decree was denied. Mr. Meyer filed a cross-complaint. He alleged that a tin cup, tin plate, cheap knife, fork and spoon were passed out for his use, and that he got his own meals.

HARBOR BOARD IS GATHERING DATA.

At the City Hall.

ENGINEER IN WASHINGTON FOR NAVAL BASE SITE.

Commissioners Report to Council that Detailed Information Relative to Defense Plans is Being Gathered in Anticipation of Visit from Congressional Committee.

The Harbor Commission, in a report to the Council yesterday, informs that body that all needed information relative to the advantages of Los Angeles Harbor as a site for a naval base is being prepared as rapidly as possible and whenever the proposed Congressional Committee to determine the best location for a site on the southwest coast comes, it will find the Harbor Commission ready, Assistant Engineer Jubb of the Harbor Department is now in Washington the report says, where he is prepared to give all needed information to Congressmen Stephens and the Committee on Naval Affairs.

The report of the Harbor Commission is in reply to communication from the Mayor and the Council, asking co-operation with the Chamber of Commerce in preparation of data in anticipation of a visit from the special committee proposed by Congressman Stephens to the committee, it is proposed, shall have instructions to visit the Pacific Coast and recommend the most desirable site for a naval base south of San Francisco.

Received and Forwarded.

The Mayor's message to the Council, transmitting a letter addressed to all heads of departments urging co-operation in the effort to keep municipal expenses at a minimum, was received by the Council yesterday. The letter of transmittal only was read and the message was referred to the Finance Committee without comment.

Tunnel Map is Approved.

The Public Works Committee of the Council approved the map of the assessment district for the second street tunnel yesterday and the map will be presented to the Council today for adoption. The map extends generally from Aliso street to a point just east of Alvarado street and from near Fifth to First street, extending through the Bunker Hill district, where it narrows down to a half block on either side of Second street.

Lease is Approved.

The Council yesterday approved the form of a lease, wherein the city, the county and the Agricultural Association grant the use of the basement of the grandstand at Exposition Park to Battery A, Field Artillery, N.G.C.

WITNESS'S MEMORY RECEIVES JOGGING.

REFUSES TO MAKE REPLY TO COURT'S QUESTIONS.

When on Stand in Divorce Trial he Given a Night for Reflection. Is Expected to Return this Morning with Mind Refreshed and Ready to Answer.

Miss Minnie Schultz, called as a witness for Mrs. Gertrude Helen Porter, in the latter's suit for divorce against Sumner Frank Porter, in Judge Wood's court yesterday, declared that she could not remember having seen Mr. Porter strike his wife. The court evidently thought she could, and after asking her several questions in vain, finally wanted to know where she worked. This did not elicit the information. Miss Schultz obviously did not care to jeopardize her position. Judge Wood, who wants an answer when he asks a question, informed Miss Schultz he would give her until this morning to consider whether she would answer or not.

Mrs. Porter claims her husband displayed unwelcome jealousy. She said he accused her of liking other men, when, as a matter of fact, she had not talked with them. In fact, while at Long Beach for the health of herself and child, she said she held no conversation with a man except the attendant at the merry-go-round and that was with reference to the safety of her child. The last time she was accused, she said, she heard her husband telling his uncle, Rushing into the house she emphatically denied it and there was a row. The case will be resumed this morning.

WIFE'S FURNITURE.

SALE UNAUTHORIZED.

The disputed ownership of furniture, valued at \$2000, claimed by Mrs. Mary E. Arthur as her separate property, and sold by George P. Fetterman part of the alleged Hamilton Hotel, St. Louis, was decided by Judge Baker yesterday in favor of Mrs. Arthur. She was awarded damages for \$2000.

When L. J. Arthur, a wealthy land owner, went to St. Louis to look over the Hamilton Hotel, which he received in trade for land in California, the furniture was turned over to Mr. Fetterman. He sold it, claiming he had a bill of sale. Mrs. Arthur contended her husband was not authorized to give the bill of sale on the furniture. In a previous suit, growing out of the hotel trade, Mr. Arthur recovered judgment against Mr. Fetterman for \$20,000.

PROLONGS TRIAL.

POLICEMAN ACCUSED.

Owing to the accusations against Plain Clothes Officers McManara and Wynn by Lon Hadley, alleged murderer, the trial was considerably lengthened and the arguments expected yesterday morning were only begun late in the afternoon, and will be concluded this morning. Hadley, the shoeless negro, insisted that he made his confession, introduced in the trial by Deputy District Attorney Helms, after having been beaten and hurt by the arresting officers.

On the stand in Judge Craig's court, the officers absolutely denied

they had beaten the prisoner, and introduced City Jailor John L. Shand, Deputy District Attorney Helms, Walter L. Vail, Jr., and L. A. de Valle, who were present at the interrogation of the negro, to controvert his testimony. They all denied that threats or abuse had been used.

The case will go to the jury today.

IN AND OUT.

DISMISSES CHARGE. George Bitten, former Scotland Yard inspector, recently convicted of bribery in connection with prosecution on the charge of embezzlement, will not have to face the latter charge when he is released from San Quentin, after his term of two and a half years. Deputy District Attorney Helms yesterday moved a dismissal of the embezzlement charge brought by Mrs. Ella Levy, who accused the detective of having taken \$150 of her money. Judge Craig granted the motion, which was agreed to at the time Bitten was sentenced.

PLEAD IGNORANCE. H. S. Cogan and C. R. Anthony of Watts will appear today before Judge Craig to receive their sentence or probation, for having attempted to bribe Obie Daniels, a negro recently convicted of assault with a deadly weapon on Cogan. When the two defendants came before the court several days ago, they admitted they had approached Daniels with the proposition to leave the State when the case against him was called in the Federal court. They did not realize their action was criminal, and asked for leniency.

CHARGES FRAUD. Harry H. Jones filed suit yesterday to annul his marriage with Velma Jones, in this city February 2, 1914, on the ground that she had made false statements to him. He also charged her with luring him. The couple lived together twenty-two years and during that time, Mr. Jones said, he took good care of his wife. He claims she left him.

FOUR YEARS. Henry Castello, who served twenty years in the State Prison, was sentenced to four years in the County Jail yesterday for having stolen a car.

MACLAY WILL. Mrs. Jennie Beale MacLay gave the bulk of her \$200,000 estate to her daughter, Mary Beale MacLay, and her executor. The will was filed for probate by Miss MacLay yesterday. The estate consists of lots in the MacLay Addition, and a \$200,000 note secured by mortgage. Mrs. MacLay died May 1, last, after a long illness. Her husband, R. Holmes MacLay, four lots of a value of \$200,000.

Meat Cutter is Run over by Loaded Four-ton Auto Truck, but His Injuries are Not as Serious.

Because of his massive build, C. C. Ellis, 27 years old, a meat cutter, was not seriously injured yesterday afternoon when a loaded four-ton automobile truck passed over him, in the Cahuenga Pass. Mr. Ellis, with Clark Rhodes of No. 231 West Forty-second place, was delivering goods by truck to country stores. While they were going up the incline in the pass, a box fell from the rear of the truck.

Without fully stopping the machine Mr. Ellis swung to the ground, replaced the box and attempted to jump on the moving car. He slipped and fell beneath the wheels, one of them passing over his lower limb. At the Receiving Hospital it was learned that his injuries were comparatively light.

SONG IN JAIL BRINGS HELP.

Dingy Corridors Ring with Airs of Grand Opera.

Unable to Secure Work Singer Turns Beggar.

Voice Wins Him Friends and Temporary Aid.

The corridors of the City Jail yesterday reverberated to an excellent baritone voice in "La Paloma." "La Goldolina" and other songs in English and Spanish, some of them from grand opera. The singer was Robert Arana, 24 years old, of No. 264 North Hill street, former star at the Teatro Maria Guerrero of Mexico City.

Roberta sang his way out of jail and into a position, making good his declaration that he would work for the support of his sister's fatherless children. The singer was absolutely penniless, and because of the dilapidated condition of his wardrobe he has been unable to secure a position, either as a singer in the cafes or as a workman. He presented the appearance of a man long out of work and decidedly up against it.

Some one who knew Arana in better times wrote him a letter, setting forth the story surrounding the present condition. Armed with this letter he started out to beg clothing in the residential district. The occupants of the first place at which he applied had frequently been imposed upon by tramps and had refused to take him in. He then telephoned for the police.

When Arana reached the City Jail and told his story explaining that he had not eaten for many hours, he was fed and then requested to state if he was a workman. He presented the appearance of a man long out of work and decidedly up against it.

Bid Welcome.

(Continued from First Page.)

The Pacific Coast and the Southwest. The father of the Bishop Hughes was also a minister of the Methodist church, his work being in West Virginia and the Southern States.

The other case where the brother of a bishop was raised to this office, at the last general conference, was that of Bishop Franklin Hamilton. His brother, Bishop John W. Hamilton, was retired from active work by the age limit, 73, at this same conference. He has been stationed at the Episcopal residence in Boston, and in 1908 he was the resident Pacific Coast bishop at San Francisco.

Bishop Franklin Hamilton was chancellor of the American University at Washington at the time he was made a bishop. His new location will be in Pittsburgh.

In the shift of bishops, Bishop Matt S. Hughes goes to Portland to reside, while Bishop Leonard comes to San Francisco to take the place made vacant by the move of Bishop Edwin H. Hughes to Boston. Bishop Leonard is the youngest of the Methodist bishops. He was pastor of the First Methodist Church of Seattle, and is thoroughly familiar with Methodist affairs on the Pacific Coast.

At various times there has been serious discussion of the creation of a Methodist Episcopal residence in Los Angeles, but at the present conference this subject was not brought up. It is expected that eventually such a residence will be established here. The general conference, however, did establish two Episcopal residences, one at Detroit and the other at Pittsburgh.

"BISHOP MATT" HOME.

Bishop Matt S. Hughes arrived home at Pasadena yesterday. He was greeted by a chorus of church members and prominent citizens. The throng filled the sidewalk, and the bishop, who was accompanied by his wife and daughter, was escorted to his home at No. 257 North El Molino avenue.

Bishop Hughes will preach Sunday at the First Methodist Church in the morning, and in the afternoon will leave for Tacoma. He expects to remain there two weeks later, but has not yet decided when he and his family will move to Tacoma.

A committee has been appointed to confer with Bishop Hughes for a date when a formal reception may be tendered him by church members.

Work Done.

FAREWELL ON SUNDAY.

Evangelist Brown Closes Successful Six-Week Religious Campaign with a Sermon on the Subject, "Weighing the City."

Evangelist John E. Brown will deliver his farewell message in Los Angeles Sunday night, when he will speak on "Weighing the City." This afternoon he will give a sermon lecture to women and girls only, on "The Ideal Woman," and will also give some tips on the ideal man. Tomorrow afternoon there will be a concert by a choir of 600 children, under the leadership of Calvin P. Curry, the singing evangelist. Adults are invited to this concert, as well as little folks. A rehearsal will be held at 10 o'clock tomorrow morning at the tabernacle, when children between the ages of 7 and 15 years of age are invited to come and be coached by Mr. Curry for the concert. An invitation has been extended to the Sunday-schools of the city and a great many meetings are anticipated.

Sunday afternoon at 2:45 there will be a mass meeting at the Water Works.

For Charles Edward Locke, who has just returned from the General Conference at Saratoga Springs, was the latest of the many evangelists who have from time to time been introduced from the East to the West. He is a convert of Mr. Brown's and is now doing effective work in the evangelistic field.

The skillful collections have practically wiped out the local expenses of the campaign without the subscription of a dollar. The collection taken tomorrow and Sunday will be in the nature of free-will offerings from the people to Brown and Curry for their service during the last six weeks.

City Commissioner W. F. Cretzer was the first to greet the bishop, and he was followed by Dr. Hughes' young son, Matt Hughes, Jr., who pushed up to his distinguished parent and, not stopping for congratulations, remarked calmly: "Hello, dad."

Bishop Hughes' father, Dr. T. B. Hughes, his wife and his daughter, Miss Esther Hughes, were among the great throng to greet him. Passing through a double line of cheering people, Bishop Hughes reached his waiting automobile and was escorted to his home at No. 257 North El Molino avenue.

"I feel just as I always have, remarked Dr. Hughes. "It's no different, being a bishop."

Bishop Hughes will preach Sunday at the First Methodist Church in the morning, and in the afternoon will leave for Tacoma. He expects to remain there two weeks later, but has not yet decided when he and his family will move to Tacoma.
